Texas A&M Prexy Says Planned Budget Slash Dangerous

82nd Year, No. 10 Fort Worth, Texas, March 9, 1978 Twenty-Eight Pages

CONGRESS PUSHIN' TH' PANICK BUTTON...

MOVING? Please use form inside paper and give full information. Mailing list is run on Friday for following week.

It ain't often in the rarified atmosphere of the Nation's Capitol that members of Congress actually get a good feel of the Public Pulse, or if they do they figure if you & me are showin' signs of bein' angrier up th' feelin' will soon subside and they can go their merry way with politics as usual. It is encouragin' to note that a couple of things have happened recently that flat out showin' any signs of goin' away in a hurry. Th' first Big Jolt Congress received was when they passed th' big tax increase to bail out Social Security. For th' first time it appeared that somebody besides th' Employers were payin' some attention to the deductions from people's pay checks, namely, th' Employees. Anguished Congressmen who went home for th' Christmas Holidays found their constituents madder than wet hens and some ruefully announced on their return to Washington that this huge jump in Social Security (CONT. State Department's "Appalling" Knowledge Lack Criticized

Leaders of the Independent Cattlemen's Association of Texas have lodged a complaint with Secretary of State Cyrus Vance, charging that a recent spokesman for the State Department showed an "appalling" lack of knowledge of the cattle industry. The spokesman, Stephen E. Smith, deputy assistant secretary for Inter-

Carter Proposal for Funding Agricultural Research, Education Short of Needs To Maintain, Increase Production of Food

Washington - Texas A&M University President Jarvis E. Miller has lambasted out at President Carter's proposed fiscal year 1979 funding for agricultural research and education activities, finding it woefully lacking. Representing the National Association of State Universities and Land Grant Colleges, Dr. Miller spoke in opposition to the President's budget request during testimony before the House Agriculture Committee's Subcommittee on Department Investigations, Oversight and Research. "Those of us in the academic community who are concerned with research and education activities conducted or sponsored by the U.S. Department of Agriculture were shocked and disappointed by the President's budget request for FY 1979," noted Dr. Miller. He said the proposed budget "clearly disregards the intent of the Congress as reflected in PL 85-113, the public law which established the Food and Agriculture Act of 1977. "It is fundamentally contrary to the extensive planning jointly conducted by the academic community and the federal government on needs for agricultural research and education," the Texas A&M president pointed out, "and it abrogates a major federal responsibility to maintain the obviously productive long-standing partnership with the states in agricultural research and extension." The proposal fails to take into account the recommendations of the world food and nutrition study conducted by the National Academy of Science at the direction of the President, he said. Dr. Miller pointed out the budget calls for decreases totaling more than \$15 million in various categories such as cooperative research and rural development, while providing only a modest overall increase of \$547,000 to be split among 1,890 land-grant institutions. "Inflationary increases in the cost of agricultural research are at least 10 (CONT. ON PAGE 20)

Fed Cattle Sold Higher Monday at Major Markets, Hogs Were Lower

At the major terminal markets Monday the cattle run was about 5,000 below a week earlier and prices were higher at most points for fed steers and heifers. Cows were generally steady to \$1 higher at various markets. Hog receipts were about par with a week earlier, but prices sagged very sharply, most places recording declines of \$1 to \$2.50, some spots off more or less. Price trends, quotations on choice and prime steers and heifers and the mixed grade and choice grades and on U.S. 1-3 hogs scaling around 200-270 pounds included:

MATCH THE FEED TO THE NEED!

WORKING BREEDING GROWING

EVERGREEN HORSE FEEDS

High Energy Maintenance

YOU GET MORE "energy value" in Evergreen Horse Feeds because you can select from the wide range for more specific use... don't have to compromise value and performance. There's a choice of feeder for light-duty pleasure horses... still others for horses in between work seasons... and others for horses trailered for the show circuit or on the go otherwise. Get what you need AND the best value, with Evergreen's big choice.

Extra Vitamin and Mineral Protection

YOU GET MORE conditioning benefits from the Evergreen feeds developed for the protection of the brood mare and her colt. From conception, Evergreen feeds help protect your investment, with the absolutely essential extra protein, vitamins and minerals the mare needs during gestation... and feeds even more with that nursing colt. Condition with care and assurance, but without overspending, by using Evergreen feeds that meet the brood mare's needs.

Fast Growth Protein Level

YOU GET MORE "grow-ability" for maximum growth and development in Evergreen feeds for colts, because they are specifically formulated to fill the nutrient gap between the mare's milk supply and the fast-growing colt's full needs. Colts like these feeds, as they wear early, help the mare recover, and get going faster with the protein, calcium, vitamins and minerals that build strong frames and foundation for sound growth.

There's an Evergreen Feed that's just right for every need!

Owen V. Kelle and Sons, Inc., attracted a lot of attention to the Red Angus breed with their sire exhibit at the recent Houston Livestock show. Above, their chief herd sire is JHL Dynamo 327, at left above, and their new junior sire is SFM Red Dynamo,

at right. Kelle said Red Angus bulls are gaining popularity with commercial Hereford producers because they add the weaning weight and economical growth potential for quick maturity at choice grade, yet retain the red color desired.

Hip Pocket National Bank

Hip Pocket National Bank accounts are simply defined as Red Angus breeders' hip pockets. Those pockets have money in them, derived from profitable beef production.

Red Angus breeders have enjoyed a bullish market for the third consecutive year. During hard times in the beef industry the total number of Red Angus cattle sold at public auction increased by 66%, increasing the income to registered Red Angus breeders by more than 63%. In other words, the Big Red Ones placed an additional \$750,000 in the hip pockets of Red Angus breeders having sales in 1977.

You may have a very important hip-pocket decision to make this year. If you would like to establish a "Hip Pocket National Bank" account this year, contact a Red Angus breeder in your area or the

Sue Millspaugh, Killeen, exhibited the reserve champion steer, in the show judged by Dr. Bill Able, professor of Animal Sciences at Kansas State University, Manhattan, Kan.

In the Junior Red Angus Heifer Show held Feb. 12, four classes were shown with trophies donated by Owen Kelle & Sons, Inc., and Bob and Ann Biggs, Dallas, awarded to the first place winners.

The grand champion heifer was exhibited by Bobby and Barry Nabours of Temple. The Nabours youths received a banner plus a trophy donated by Cufford and Dennis Halmann, Rowena. Barry Nabours also won reserve championship with another heifer and received a trophy and pennant donated by the Halmanns. Larry L. Boleman, Area Beef Cattle Specialist from Bryan, was judge of the heifer show.

Red Angus Cattle Featured in Ford Motor Company Ads

Denton — The Ford Truck Division of Ford Motor Company has a new star in its 1978 Advertising Campaign. The new star is the American Beef Cattle industry.

Mike Wierzbicki of the J. Walter Thompson Company, creator of Ford's "Tough Breed" advertising campaign named the Red Angus appearing in the ads, "Ford Trucks' Best Supporting Actor."

The Ad series was photographed at Wilson Farms, Gallatin, Tennessee. Wierzbicki stated that the farm and Red Angus herd provided a natural setting for Ford's Tough Breed ad series.

Jasiek Klopfer, manager of Wilson Farms expressed delight and gratitude to Ford Motor Company for focusing attention on the cattle business in its new ad series. In addition to the natural team when two tough breeds become synonymous, Ford Trucks and the toughest businessmen in the country, the American Beef Producers, Wilson Farms is owned by T. W.

Shorthorn Herd Dispersion Mar. 20

Waxahachie — Hart Farms' famous Shorthorn herd will be completely rescheduled in a sale that has been rescheduled for March 20. The dispersion was originally scheduled last Oct. 7, but postponed because of extremely dry weather in the area.

Larry A. Hart, Dallas, owner, E. M. (Duck) Bardwell, manager, and Jack Bardwell, herdsman, will have an offering of 160 lots. Everything will sell including the herd sire, foundation females, yearling bulls and heifers.

One of the true changers of the Shorthorn industry, Jibbskot Gladiator "Spider" will sell. Not only has his progeny proven themselves in the showing, but more importantly they have proven themselves as producers. There will be many calves sired by the well-muscled, lean, long and very sound "Spider" in the offering.

selling is Princess Alva 6th, top selling female in the Graham dispersion. She's one of the best, if not the best, line of females in the Graham herd and is a proven producer.

The Hart Farm herd represents more than 25 years of improvement using the best bloodlines available. Hart Farm has had grand champions from Chicago to Denver and most shows in between, has raised 23 All-Americans, and holds the sonoscope record at Chicago. Owner Larry Hart, and manager, Buck Bardwell have both been named Shorthorn Builders of The Breed.

Their most recent major effort in the showing was at the 1977 Pan American Livestock Exposition at the Texas State Fair where Hart's Little Model was named reserve grand champion female. In that show they showed four class winning females and one class winning bull, Hart's Spring Light. They also had two female class seconds, one bull class second, and second in the best six head of bulls.

National Sheep Lamb Summary

National Sheep Summary for Monday, Mar. 6 (USDA) — Slaughter lambs mostly steady to firm at Midwest market centers; except 1.00-2.00 higher at Sioux City and at Sioux Falls short lambs 75-1.00 lower with wool steady.

Hart's Hercules 2nd, shown by Forbis Polled Shorthorns, Madison, Mo., was judged reserve champion bull calf of the 1978 Southwestern Exposition and Fat Stock Show in Fort Worth; and Hart's Hercules, shown by Sherri Brooks, Rockwall, was second in his class.

Rowse Hydraulic Rakes Exhibits At S.W. Farm Show

Barnard, Kansas — Rowse Hydraulic Rakes has announced they will exhibit several pieces of equipment at the Southwest Farm Show at Fort Worth, March 10, 11 and 12. The Farm show will be held at the Downtown Convention Center and Rowse will be located in lots 14-15-16.

The Lundell exhibit will feature the Lundell Baler with the new power driven compressor rolls that increase bale weight and cuts costs. The Lundell Baler utilizes bale forming cables eliminating problems normally encountered with belts and high speed churning.

Other equipment to be exhibited will be the Lundell Big Bale Mover, Model 5-6 for 1,500 lb. bales and Model 6-7 for 3,000 lb. bales. This equipment is available in a pickup truck model, a 3 pt. tractor model and a pull model.

Also to be exhibited will be the all new "Stak-Rol" for volume hay handling and elimination of wind blown stacks.

Information on Lundell hay handling equipment will be available at the Southwest Farm Show, or by writing

National Resources and Food Policy, told the Senate Finance Committee meeting in Washington this week that beef imports have not hurt the domestic cattle industry, according to another witness who testified before the committee, T.A. Cunningham of Gollad.

Cunningham, who is president of the Independent Cattlemen's Association, said at the conclusion of the hearings that Bosworth's statements suggest that "The State Department is sacrificing the cattle industry for foreign interests."

Cunningham said that statistics from the Census Bureau on the number of live cattle shipped into the United States, from Mexico and Canada give further support to his statements concerning the State

T. C. Morrow Ranch

F-1 Spring Sale

Set For March 18

Sealy, Texas — The 4th Annual T. C. Morrow Ranch Spring Sale will be held Saturday, March 18, 1978. Sale time is 1:00 p.m. at the Port City Stockyards at Sealy, Texas. Lunch will be at 11:30 a.m. at the auction site.

This is done by requiring that ground beef and other meat products sold to USDA originate from animals slaughtered in federally inspected U.S. plants.

Under the new requirement the USDA will further require that meat used in the products does not come from imported livestock slaughtered in U.S. plants. Sellers will be required to certify U.S. origin, keep purchase records and make those records available for USDA review.

Under our present regulations, a plant could slaughter imported livestock in the U.S. and technically still be in compliance with our requirements," the Secretary said. "Our new requirements are intended to eliminate that possibility."

This large offering of quality F-1 Crossbred Heifers and Cows will represent one of the finest set of replacement cattle in Texas with all cattle of the same brand. Selling will be 1065 head.

Selling are 50 F-1 Braford Tiger Stripe Heifers, 18-24 months old, 200 F-1 Braford Tiger Stripe Springers, 18-24 months old, and 200 F-1 Braford Tiger Stripe Heifers, 10-12 months old, Bangs, Lep-tospiriosis and Vibriosis vaccinated.

Also selling will be 50 crossbred Braford springers 2-3 years old, 100 crossbred Braford Springers, 3-4 years old, 100 crossbred Braford pairs, 2-3 years old, and 200 Braford crossbred pairs, 3-4 years old.

Included in this offering will be 150 white Brahman heifers, 12-18 months old; bangs, leptospiriosis, and Vibriosis vaccinated. Also selling will be 3 registered Red Brahman bulls, 4-5 years old, and 6 registered White Brahman bulls, 4-5 years old.

All cattle in this sale will be mouthed, Bangs tested, TB tested and pregnancy tested.

Undulant fever in man is transmitted by contact with infected animals. Most victims are farmers, veterinarians and slaughter workers. Canada is the world's second country.

Time to get ready. Four to go!

1. New 7-yard hydraulic scraper. Do your own earth moving! Moves 7 cubic yards per pass when full, but takes just one hand to operate with single-lever hydraulic control. Cutting width of 8 feet, dump opening from 1 to 15 inches. Takes 85-90 HP tractor.
2. 3-yard hydraulic scraper. Shaping up your ground? Rowse scrapers do the job easier—and much less than contracting it out. Full draught control with one hand mounted lever. Cutting 8 feet. Hook two in tandem. Quirks 60-80 HP tractor for soils.
3. Rowse rakes for hay-making efficiency. Choice of 8 widths from 16' to 42'. Rake up to 200 acres a day and more with a Rowse hydraulic dump rake. Picks up more of your hay, treats it gentler for more leaf retention.
4. Quick-attach double mow. Two 9' cutter bars mow 18' 100 acres a day of prairie in alfalfa. Fast hook-up—near the morning, rake in the afternoon with the same team. Available with 7' cutter bar and in mounted model, too.

Topping the 1978 Texas Traditional Maine-Anjou Sale at the Houston Livestock Show was this heifer consigned by County-Line Maine-Anjou, Castall and purchased by Harry Fair, Natchez, Miss., for \$3,400.

Nor-Tex Farms, San Antonio and New Braunfels, consigned Mr. Bayview 183, above, to become the top selling bull in the Texas Traditional Maine-Anjou sale at the Houston Livestock Show. He sold for \$3100 to Gene Cornelius M&G Ranch, Houston. The bull had been judged reserve champion of the Maine-Anjou show prior to the sale.

Hollyshire Dominates Dixie National Maine-Anjou Show

(CONT. FROM PAGE 12)
Crack 288H, a son of Crack, was reserve champion bull; and Miss Souris River 3H, was champion female, all Hollyshire entries. PC Emulation 599J, was Peters' reserve and junior champion heifer.

Johnson's Main-Anjou, Mt. Vernon, Mo., showed JMA Pistol, a son of Gerald, to champion bull calf honors.

Hollyshire also had the intermediate champion heifer, KKC Miss Dutches 10J, a daughter of Dollar II. In the pair of females, first place went to Hollyshire, second to Sonderregger Maine-Anjou, Westcliffe, Colo., and third to A&L Livestock, Albin, Wyo. In the pair of bulls class, Hollyshire was first, Sonderregger second, and A&L Livestock third. Hollyshire also placed first in the get-of-sire class on progeny of Dollar II, and was first in best four head class, followed by Sonderregger, second, and A&L, third.

Forgason Re-Elected President During ABBA's 54th Annual Membership Meeting

Tampa, Fla. — Dr. Richard Forgason of Hungerford, Texas, was re-elected president of the American Brahman Breeders Association during their annual membership meeting here on Feb. 3. The Houston, Texas based association is an international breed registry with 2,500 active members.

The meeting was a major part of four days of Brahman activities which culminated with the National Brahman Show and Sale on Feb. 4. The entire state of officers from the 1977 election was re-elected. They include: vice president—Harold Dingle, Freeport, Texas; and secretary-treasurer—Lamar Maxwell, Devers, Texas. Board members re-elected to serve on the board with the immediate past president and association officers were: Lee Berwick, St. Joseph, Louisiana; Bob Massey, Inez, Texas; and Dr. Mike Milleville, Cleveland, Florida.

Dr. Forgason is a partner in J. D. Hudgins Inc.-Forgason Division and is a fourth generation Brahman breeder. He graduated from Texas A&M University with a B.S. in Animal Science in 1962 and a D.V.M. in 1964. Nineteen positions on the association's board expired and were filled effective with the annual membership meeting. Directors elected to these positions by state are: Alabama—James Coker, Hazenville; Arkansas—Dr. Frank Daniel, De Queen; Florida—

Early retirement of the mortgage on the American Brahman Breeders Association's headquarters building in Houston was held during the Brahman show at the Houston Livestock Show. From left are Wendell Schronk, executive secretary of ABBA, Clive Runnels, Houston, Dr. Richard Forgason, Hungerford, ABBA president, and John Lyle, Houston. Runnels and Lyle were members of the building committee when the building was constructed.

National Brahman Sale Reported

Tampa, Fla. — Buyers from five states and three foreign countries paid \$54,750 for 21 head of Brahman cattle here Feb. 4. Over 350 Brahman breeders and their guests crowded the sale dome at the Florida State Fair ExpoPark and watched as the six haltered bulls averaged \$3,967 and fifteen haltered females averaged \$2,088. The high selling bull was PVR Rio Arauto 355. He was purchased by Forest Beach of Trenton, Florida for \$7,400 and consigned by Peace Valley Ranch of Zolfo Springs, Florida. The 4C Ranch of Grove Hill, Alabama consigned the high selling female, Miss 40 V8. She went to G. A. Tucker and Sons of Cocon, Florida for \$2,700. Reinaldo Manrique of Colombia ended the day as volume buyer with three head for \$7,000. Auctioneer Gerald Bowie sold the total offering to buyers from Alabama, Florida, Georgia, Mississippi, Texas, Colombia, Guatemala and Panama.

The board of directors moved to hold its regular summer meeting in conjunction with EXPICA in Guatemala in May.

Officers for the American Brahman Breeders Association and board members elected to the executive committee are (left to right, seated): Lamar Maxwell, Devers, Texas, secretary-treasurer; A. J. Marceaux, Kaplan, Louisiana, honorary vice-president; Dr. Richard Forgason, Hungerford, Texas, president; Harold Dingle, Freeport, Texas, vice-president; and Ms. Dush Wald, corresponding secretary. Executive committee members standing (left to right) are: John Runnels, Houston, Texas; Dr. Mike Milleville, Cleveland, Florida; Lee Berwick, St. Joseph, Louisiana; and Bob Massey, Inez, Texas. Standing on the far right is Wendell Schronk, ABBA executive secretary.

Carter Proposal

(CONT. FROM PAGE 1)
percent," he told the Congressional group. "This means we are facing a 30 percent reduction of 30 percent in the stable-based monies that are needed to carry out crucial agricultural research in land-grant institutions."

While proposing cuts in various areas, the President's budget includes an increase of \$16 million — to \$30 million — for competitive grants to address basic research problems of high national priority.

Dr. Miller said NASULGC supports the competitive grant concept and does not disagree with the proposed level of funding.

"The President's budget proposes, however, to essentially fund this program at the expense of the formula-based support of longer-term, broader research in the land-grant institutions," he observed. "With this we cannot agree."

The Texas A&M president conceded that "in this interim period of potential over-production in agriculture, it is perhaps tempting to lessen the emphasis on research and extension."

"In short range, however, at least part of the solution to the present problem in American agriculture must be overcome through improved methods of operation and marketing," he explained.

Stuph & Thangs

(CONT. FROM PAGE 1)
taxes and President Carter's proposed huge new taxes on oil and gas, were the straw that finally broke the camel's back.

At this writing there are a large number of Congressmen scurrying around trying to figure out another way to finance Social Security and lessen the increase in taxes on individual pay checks. At this time one of the better regarded schemes to turn this heat down is to give folks a smaller tax cut next year and apply the difference to Social Security funding.

This Tax Revolt had hardly gotten going good, when, Loh and Behlert here come in the Farmers with their threat to strike and their demonstrations and if the Congress thought the Tax Payers were mad, they soon figured out that the Farmers were even madder and as to this writin' there are a number of bills in the works with various ideas as to how to help the Farmers out of their financial jam.

What made this development especially interesting was the fact that a number of Congressmen and Senators who had little or no interest in Agriculture have got the word and the Farmers have got their attention about as effectively as the Tax Payers did. Their cup of Fenick runneth over, especially in the House, since all the House members are up for election this Fall and with the natives on the War Path on the farms and ranches and in the working folks trenches, a lot of Congressmen can see they have a better chance of averting the chance of being sent back home to try and make a living under the laws & taxes they have been passing since they have been in Washington.

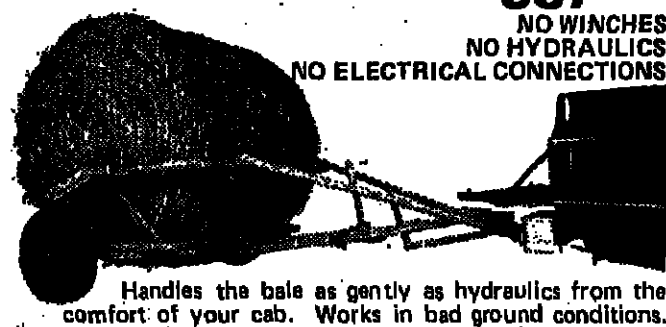

This revolt thought has got the members of Congress shook up more than somewhat and we certainly hope that the Tax Payers and the Farmers don't relax and that they will keep poking Congress with the hot iron until they do something constructive for a change. What is doubly interesting is the fact that some of the Big City Congressmen in whose districts only Agriculture is a few pot plants, window boxes, dogs, cats and pigeons, are stirred up over the Farm Problem for the first time. This has to be good news for everybody.

Ever think, The Editor.

P.S.: Uncle Dunk reports that one of the interesting side-effects of the Coal Strike and the current Energy Crisis bobbed up at Purdue University recently. A meeting there to discuss Energy for Agriculture was cancelled because of power outbacks due to the Coal Shortage.

HUNDREDS OF WINDMILL OWNERS CANNOT BE WRONG

Replace your steel pipe with our schedule 80 PVC plastic pipe. Forget about rust and deterioration that goes with steel pipe. Light weight and easy to handle. With our heavy duty plastic collars, a plastic pipe installation is maintenance free. Schedule 80, heavy wall, plastic pipe is far superior than fiberglass. All our previous customers who have put plastic pipe in their windmills continue to hang about it. Available for immediate shipment in 2, 2 1/2, and 3 sizes. Urethane Perma-caps, no leak Urethane Check-balls, and Urethane Rod-guides. Urethane Yank Couplings for steel and concrete tanks, stops all leaks, prevents rust forever. Write or call for our literature catalog. This is our 25th year. We ship same day order is received.

Kimbell MEDICATED FEEDS ARE MONEY MAKERS

It goes without saying that no program or type of feed can guarantee a profit on a particular set of livestock. However, it is possible to guarantee that with proper management a feeding program will make livestock more valuable — better money makers.

KIMBELL Medicated Feeds Are Designed to Improve Animal Health and Balance Nutrition

This type of program improves the appearance, gives livestock the "good doing" look — this convinces your buyers they are "worth more."

This type of program actually makes your livestock "do better" — free of disease and parasites adds pounds — they are "worth more."

FOR SALE

A SMALL HERD OF QUALITY
SIMMENTAL CATTLE. This is a
young herd composed of 15 3/4 and
5 pure bred females. These cattle
are bred to have Brahmanal
calves. One has a five-month heifer
at side out of one of the most
famous Red Brahman Bulls, Clif-
ford Bros. 94/1. Also there is some
semen from this bull that goes
with the deal. Most of these cows
or heifers are ready to start calving
in March. They are priced to
sell. Contact: GENE DABBY in

Special Stocker Cattle Sale At Georgetown Mar. 18
Georgetown, Texas - A special stocker cow, cow-calf pair, bred heifer and range bull sale will be held at Alvin Braun's Georgetown Commission Co. here Saturday, March 18, beginning at 1 p.m.
Braun said the offering of 1500 head or more will include all popular breeds and crosses of cattle, and all are real good, fresh, clean cattle consigned from ranches in the area. "These are not 'trader' cattle, but are good, honest producing cattle," he added.
Some early consignments include Harford's, Charolais, Angus, Black-Walton's, Brahman crosses, and straight Brahman. Many already have calves at side, and all will be pregnancy tested.
All the cattle will also be Brucellosis tested and eligible for shipment anywhere.
For further information, or to consign, contact Alvin Braun, Georgetown Commission Co., Box 2, Hwy. 77, Georgetown, Texas 78626, or call 773-7737.
